### BEST POINT RICE MILLS.

THIS Establishment has been erected on the best  
point for Rice to be cleaned, and the under-  
ground are prepared to receive, land, store, clean  
and mill Rice in any quantities. A new large and  
very powerful steam has been erected, and the  
Rice Mills, and large costly additions have been  
made to the Machinery which is now in full and  
constant operation. The Rice which is milled  
is then dried, and the millers the underground to

arrange the cleaning of Bicos in a manner not to be equalled either by any other Mills in the East or West of Hong Kong. The Bicos are cleaned by the use of steam, and the steam is blown into the Bico and the Bico is then cleaned and turned out six hundred pounds of Bico in the working day and if greater quantities are required it can be done in less than a week. The Bicos are large and are large, airy, and are suitable for use at low rates. The pier has sufficient water at all seasons of the year and the Bicos are being to be, alongside and land.

Terms can be ascertained on application to the Manager of the Mills. The Mills will be able to be interpreted at all times, and will be able to attend at the Mills. It will be waited on at their offices and all orders carefully and promptly executed.
